

COUNTRY WA BUILDERS

NEW HOMES ADMINISTRATOR

WA Country Builders are looking for a NHA to join their happy team in Geraldton.

The suitable person will be a confident team player who has good time management and organisation skills. You would have your own case load of specific clients whom day to day contact is not out of the question. Our clients rely on their NHA for assistance and feedback during the building process, so communication and problem solving skills are a must.

Previous experience in a similar role and knowledge of the building industry is essential.

Please contact Phil Raven for further information
or make application:
